meet maureen

Maureen Fee, manager at ÓstaW8, loves the buzz of a busy environment and really enjoys meeting all the locals, friends and neighbours who frequent the restaurant. Hugely experienced in hospitality and catering, Maureen has managed restaurants for over 25 years! Each morning at ÓstaW8, they bake their own delicious home-made bread on site, as well as preparing all their soups and lunches freshly. Maureen strongly believes in the importance of using local producers to supply the restaurant, and in the positive impact this has on the community in general.
